
How To Fix Sim Offline Error On Nokia X2

The screenshot shows a Windows-style window titled "Administrator: Nokia X2 Tools v.1.2 by Allnokia.ru". The window contains a black terminal area with white text. The text in the terminal reads:

```
Prior to installation you need to:  
- install the drivers (point 1)  
- make sure you are in developer mode and USB debugging is turn on  
(To activate the developer mode go to Settings - About phone,  
and tap 5 times to "Software version", then go to Settings - Developer options -  
USB debugging)  
- close all applications on your phone  
  
Press any key to continue . . .  
error: device not found  
error: device not found  
error: device not found  
please, wait..  
-
```
